

All our TV's support playback of compatible mediafiles via USB
USB preferred format is NTFS

MICROSOFT POWERPOINT

Microsoft PowerPoint files require a laptop with the appropriate software installed.

IMAGE SLIDESHOW

Supply all your .jpeg images in a folder on your USB. Number or alphabetise file names to order playback of files.

CONNECTING TO THE MONITORS

A HDMI Cable is supplied with the monitor.
If all guidelines are adhered to, then displaying your media is as simple as plugging your USB straight into the screen!
